## American Recovery and Reinvestment Act Section 1511 Certification

Pursuant to Title XV, Subtitle A, Section 1511 of the American Recovery and Reinvestment Act ["ARRA"] [Pub. L. 111-5 - Feb. 17, 2009]), I, Scott Poster, hereby certify that the infrastructure investment funded by ARRA has received the full review and vetting required by law and I accept responsibility that such investment is an appropriate use of taxpayer dollars. I further certify that the specific information required by Section 1511 concerning each such investment (i.e., a description of the investment, the estimated total cost, and the amount of ARRA funds to be used) is posted on the LA-RICS website at [www.la-rics.org](http://www.la-rics.org), which is linked to Recovery.gov at [www.recovery.gov](http://www.recovery.gov).

I understand that my represented agency may not receive ARRA infrastructure investment funding unless this certification is made and posted.

### Project Description:

The LA-RICS Authority plans to develop and deploy LA-SafetyNet, a 700 MHz public safety mobile broadband network across all of Los Angeles County, featuring almost 300 wireless 700 MHz public safety broadband sites using new and existing infrastructure, fixed microwave backhaul rings, and 100-miles of high-capacity fiber backbone. The network would enable computer-aided dispatch, rapid law-enforcement queries, real-time video streaming, medical telemetry and patient tracking, geographic information systems services for first responders, and many other broadband-specific applications.

### Estimated Cost:

\$217,894,365

### ARRA Funds to be used:

\$154,640,000
